

Gas STAR Contact: **Dwight Serrett**

Title **Manager, Midstream Assests**

Address: **1221 Lamar**

Suite 1175

City: **Houston**

State: **TX**

Zip: **77010**

Phone: **(713) 756-1621**

Fax: **(713) 759-0805**

E-mail: **serrettd@teai.com**

Company Information Updated:

Activities Reported

BMP1: No BMP2: No BMP3: Yes

Total Methane Emission Reductions Reported This Year: **10,000**

Previous Years' Activities Reported: No

Period Covered by Report

From: **01/01/2005**

To: **12/31/2005**

Additional Comments

-3/21/06

Info Access - 3/30/06

Info ISTAR - 4/4/06 - DH

4/11/06 - DF

1 Year Activities**Summary**

Number of flash tank separators installed this reporting period: _____ flash tanks

Percentage of dehydrators in system equipped with flash tank separators: _____ %

Summary

Estimated cost per flash tank separator replacement (including equipment and labor): \$ _____

Methane Emissions Reduction

Number of separators Used: _____

Source: _____

Estimated Methane Emissions Reduction: _____ Mcf/year

Flash Tank Installation Number	TEG circulation rate (gal/hr)	Methane entrainment rate (scf/gal)	Hours of operation (hrs/yr)

Flash Tanks Installed: 0

Duration of Activity

Number of years that methane emissions reductions will be realized: 10 years

Estimated Value of Gas Saved

Estimated Value of Gas Saved: \$ _____

Current Value: \$ 3.00

Planned Future Activities

Number of flash tank separators to be installed next year: _____ flash tanks

5 Years' Activities

Year	# of Flash Tank Separators Installed	Total Cost * (\$)	Estimated Reductions (Mcf/Yr)	Value of Gas Saved (\$)

Total cost of installations (including equipment and labor)

Additional Comments

know if you can claim methane reduction for multiple years for leak repair. Please advise here.
